Mr. Graham E. Mitchell, Project Manager  
Ohio Environmental Protection Agency  
40 South Main Street  
Dayton, Ohio 45402-2086

Dear Mr. Mitchell:

**NOTIFICATION OF INSTALLATION DATES FOR DEDICATED GROUNDWATER SAMPLING  
EQUIPMENT AT THE FERNALD ENVIRONMENTAL MANAGEMENT PROJECT (FEMP)**

Reference: Letter, G. E. Mitchell to J. R. Craig, "Approval - Modification to  
the FMPC RI Work Plan to Include Installation of Dedicated  
Groundwater Sampling Systems," dated July 22, 1991

The purpose of this letter is to provide notification of the scheduled  
installation dates for dedicated groundwater sampling equipment at the FEMP.  
The FEMP is providing this information to afford the Ohio Environmental  
Protection Agency (OEPA) representatives the opportunity to observe these  
activities as requested in the above referenced letter.

A field service technician from QED Environmental Systems, Inc. has been  
scheduled to install the dedicated equipment on March 4 and 5, 1992. The  
installation of the systems will be done in the production and waste pit areas  
of the FEMP site.

To coordinate your site activities or address any questions you may have,  
please contact Edward Skintik at (513) 738-6660.

Sincerely,

R. E. Tiller  
Manager
